

« A Job with Perspective »

The Swiss Telsonic Group has been offering its industrial ultrasonic solutions through representation in Europe, America and Asia since 1966. Constant innovations help to ensure that, in many applications, Telsonic has established a lead over competitors that offers added value to customers. With over 250 highly qualified staff, the owner-managed company specializes in plastic and metal welding as well as ultrasonic cleaning and screening. All over the world, customers in fields such as automotive, packaging and medical technology value the company's comprehensive services and broad range of ultrasonic components for system construction as well as its complete welding systems.

We are looking for the following talent to join us

Key Account Manager for Plastic Joining Automotive

Shelby Township, MI

JOB DUTIES

- Responsible for the business development of OEM and Tier 1 Supplier as assigned for Key Account Manager within the Plastic Joining Technology group including but not limited to Ultrasonic, Vibration and Spin Welding
- Introduce Telsonic's key technology to OEM and Tier 1 Suppliers following the transformation of design and engineering to new car platforms
- Play fundamental role in setting up new business; take responsibility for the effective onboarding of new customers.
- Create reasonable and efficient engineering solutions for the Plastic Joining Technology market
- Communicate all customer requirements with regards to engineering, pricing, performance, design, manufacturing, and quality control to co-workers in the US and internationally
- Aid to ensure new products are introduced to the market
- Create business proposals for new and existing customers.
- Create and follow budget for fiscal year

WE OFFER

- Competitive IRA and Health Benefits
- An independent and interesting activity in a dynamic, international environment
- An attractive workplace with flat hierarchies and an open corporate culture
- A goal-oriented work environment with a motivated team
- Sales commission

JOB REQUIREMENTS

- Minimum 5 years' experience in sales or engineering within the Automotive, Automation or related industries or a BS degree in engineering, business relations, or related field
- Excellent communication skills
- Ability to manage customer concerns and address in a timely manner
- Travel as needed to meet with customers and/or suppliers across North America
- Attend trade shows
